Dear Anjali,

I just wanted to say a heartfelt thank you for being there for me last week. Your help with my college project made a huge difference, and I truly appreciate the time and effort you gave, even with your own busy schedule.

You've always been such a supportive friend, and I feel really lucky to have you by my side. I honestly don't know how I would've managed without you.

Let's catch up soon — I owe you a treat!

Warm regards,
Riya Kapoor

Subject: Apology for Not Submitting Homework

Dear Mrs. Meena Sharma,

I hope you are doing well. I am writing to sincerely apologise for not completing and submitting my Mathematics homework that was due on 21st July.

I understand how important it is to stay regular with assignments, and I regret not managing my time properly. I was unwell over the weekend, which affected my ability to focus and complete the work on time. However, I take full responsibility for the delay and assure you that it will not happen again.

I truly respect your efforts in teaching us and am committed to staying more disciplined going forward. If allowed, I would be grateful for a chance to submit the homework now.

Thank you for your understanding.

Sincerely,
Rohit Verma

Subject: Resignation from UX Designer Position

Dear Mr. Rajeev Menon,

I hope you are doing well. I am writing to formally resign from my position as UX Designer at PixelCraft Solutions, effective two weeks from today, on 5th August 2025.

This decision has not been easy, but due to a personal relocation to Bangalore for family reasons, I will be unable to continue working from our current office in Mumbai. I have truly enjoyed being part of the design team and am grateful for the opportunities to learn, collaborate, and grow professionally over the past two years.

I will ensure a smooth transition and am happy to assist in handing over my responsibilities or helping with the onboarding of my replacement during the notice period.

Thank you once again for your support and guidance. I hope to stay in touch, and I wish the team continued success in all future projects.
